

Choosing My Religion (R. C. Sproul Library)

What do you believe in? Whatever it is, that is your religion. Religion shapes your loves, ideals, behavior, and goals, but unless you've thought about it clearly, your religion may not be worth believing. Choosing My Religion will help readers in their late-teens and early twenties arrive at sound answers to life's big questions. Youth ministers, teachers, and college ministers that work with high school and college students will also find this to be an extraordinary resource.
