

The Complete Idiots Guide to Career Advancement

The step-by-step guide for everyone who ever said, I really need a new career. People change jobs to advance their careers, earn more money, or escape a dead end. But often they're responding to misleading signals that aren't reliable indicators for job change. Now a human resources expert helps readers evaluate the reasons they may want to change jobs and careers—an enlightening process that can result in a brand-new career or a better appreciation of the one at hand. *Explore the job-search sources most people ignore *Career-profile comparisons and salary and compensation information *Develop short- and long-term goals—move up, over, or out
