

## First Kiss - On The Ferris Wheel (Naughty Travel Girl: Los Angeles Sexcapades #7 Book 1)

True Stories by Sienna Sinclair...THE Naughty Girl of Los Angeles and author of award winning book Naughty Girls Guide to Los Angeles (available on Amazon). Excerpt from ebook: As the Ferris wheel continued going around we kept making out, like two high school teenagers, but then his hands began exploring. Wed started the ride with one of his hands resting gently on my leg, but now it was climbing further up my thigh and it was turning me on so much. I slowly opened my legs so he could explore even further. The thin cotton of my skirt was hardly a barrier, as he continued to probe, and my breaths grew shorter as his fingers paused at the top of my thigh, then cautiously moved across and down between my legs, lifting up my skirt. I think maybe he expected to find some tight white panties underneath, but I always make it easy for guys as I never wear panties. So instead his fingers landed straight on my soft pussy and he could instantly feel how wet I was.
