

This Damned Band #3

Relationships crumbling, groupies gone missing, owing money to drug dealers, meeting the devil himself you might say the band Motherfather has problems. So what's the perfect place to record their latest album? A haunted house, of course! More hellish high jinks from Paul Cornell (*Wolverine*, *Action Comics*) and Tony Parker (*Mass Effect: Foundation*)! A writer with a wicked sense of humor, a razor sharp ear for dialogue, and plenty of crazy ideas. ?IGN
